# The FESPA Digital Corrugated Experience Conference

Each day, visitors to the **FESPA Digital Corrugated Experience** will be able to enjoy impactful conference sessions from industry-leading speakers as they introduce topics pertinent to those working within the corrugated sector.

Sessions start at 11.30 daily, and will offer attendees the chance to further explore the opportunities that digital can offer as speakers share their own experiences and case studies on topics such as inks, colour management and scheduling.

## Daily Programme\*

## Build your business with the Digital Corrugated Experience

**New - For the first time ever** for this market, FESPA 2018 is featuring a print 'sample and compare' area. Here you will find A1 sample sheets from exhibitors, all printed using the same file to enable you to compare the different technologies and find the best one for your business.

### Three reasons why digital will benefit your business

- 1) Print the quantity required, when it is needed - save costs through less storage and less stock!
- 2) Digital printing means greater flexibility, short and medium runs, and the ability to accept last minute orders.
- 3) Personalisation and customisation are no longer just a possibility, meaning even more customers.

## This year **digital print for corrugated** is really taking off!

Join the **FESPA Digital Corrugated Experience** and discover the entire corrugated process, from workflow to finishing, substrates to inks. Compare final products and discover the technology behind these. What's more, gain insights in sessions led by the experts and discover the right solutions for your business from the industry's leading brands.
